Profile

Currently undergoing penultimate year of BSc in Computer Science. Looking for an opportunity to apply the skills that I have learnt in a real work environment. In addition to a place where I will be able to learn, further develop my knowledge and experience.

Field Skills

Java ●●● - 5 years
MySQL ●●● - 1 year
C ●●● - .5 year
HTML/CSS ●●● - .5 year

Soft Skills

Ability to work in a team
Problem solving capabilities
Personal accountability

Attained Key Concepts

Object Oriented Programming
-
Data Structures and Algorithms
-
Data Base Principles

Distributive Computing / Concurrency
-
Programming Language Paradigms
-
Data Mining

Education

Current
University of Stirling
BSc (Hons) in Computing Science
(2020 - 2023)

University of Stirling
**International Foundations in Science,
Computing and Engineering**
(2020 - 2020)

Copenhagen International School
International Baccalaureate
HL Subjects - Computer Science, Economics, English Lang. Lit.
SL Subjects - Math, Physics, French Lit.
High School Diploma / MYP (pre IB)
(2015 - 2019)

Spoken Languages

English (Fluent/Native)
French (Fluent/Native)
Filipino (Elementary)

Personal Interests

Coding Challenges
Building Computers
Chess / Board Games / Video Games I
suppose games overall
